

A grant on the purchase of Renewable Energy Systems in the domestic sector – Call 2026/RES - Application Part B

This form is to be filled in by the Applicant after receipt of Grant Offer Letter, purchase, installation and commissioning of equipment.

Section (i) – Applicant Details

Name:	Surname:
ID Card/ Residence Document No:	
REWS Reference Number:	

Section (ii) – Bank Account Details

Bank Name:
Bank Account Holder:
IBAN:
BIC:

Declaration Regarding Bank Details of Retailer:

☐ I hereby declare that I am aware that the bank account details provided pertain to my supplier. I acknowledge that any grant amount payable shall be deposited directly into the account of my retailer.

Section (iii) – Documents accompanying the application form

Original fiscal receipt/s plus invoice.	☐
Photographs of installation site showing the equipment installed	☐
Photographs of the equipment's rating plates showing model name and serial number	☐
Completion certificate/s issued by a warranted electrical engineer	☐
Photocopy of PA Permit (where applicable)	☐

Declaration by the Applicant

I, the undersigned Applicant, hereby confirm that to the best of my knowledge, the information given in Parts A and B and any attached information is true and correct, and that it represents accurately the data being requested.

I undertake to inform the Regulator for Energy and Water Services (the Regulator) of any changes in the information contained in this application, and I authorise the Regulator to carry out the necessary investigations in order to verify this information.

I also undertake to give any other information that may be requested from time to time by the Regulator.

I understand that the Regulator shall not be precluded from taking action in the event that the installation is not carried out in accordance with the content of Parts A and B or does not conform to the requirements of the Notice in the Government Gazette and Guidelines in relation to this scheme or of any other legislation.

I confirm that the technology has been installed and is operational at the site specified in the grant offer letter. This claim is final.

Date

Notes

In cases where the Applicant does not conform to any provisions set out in the scheme, the Applicant shall be obliged to either change the equipment to bring the installation within the provisions of the scheme or refund the grant.

Completion Certificate for Photovoltaic Panels

This should be completed in full, by a warranted electrical engineer. It will need to be attached to the aid scheme application form Part B and must be submitted to the Regulator for Energy & Water Services within the time period indicated as per schemes' guidelines.

Description of system installed

Manufacturer & model of modules:	
Manufacturer & model of inverter:	
Number of modules:	Number of inverters:
Size of system in kWp:	
kWh reading on inverter as at inspection date:	
Hours in operation of inverter (if available) as at inspection date:	
Inverter(s) have volt-var enabled: ☐ Yes ☐ No	

Declaration by Engineer

I, the undersigned warranted electrical engineer, hereby declare that to the best of my knowledge all the details contained in the Description of system installed of this application are correct and complete. I shall supply technical documentation and relevant schematics to the applicant, and that I shall inform the Regulator within a reasonable time in case that any technical details have changed in regard to the installation from the time of this application. I understand that it is only for testing and commissioning purposes that such system may be temporarily connected to the grid. Afterwards it has to be disconnected and that it may only be connected to the grid by Enemalta Plc's authorised personnel.

I declare that I will ensure compliance with the Electrical Installations Regulations S.L. 545.24, the Electricity Connection and Supply Regulations S.L. 545.41 and other current relevant Regulations and applicable standards, such as Commission Regulation(EU) (EU) 2016/631, relevant standards (e.g. EN 50549), the Network Code and in particular ensure that the solar photovoltaic installation is provided with the required earth fault protection and an anti-islanding protection in compliance with the GR6 of the Network Code.

The system is operating correctly.

I have seen the grant offer and confirm that the details listed in the system description above conform to the details in the grant offer.

Data Protection Notice

In processing your personal data, the Regulator will comply with binding legislative requirements imposed by the General Data Protection Regulation EU 2016/679 (the “GDPR”) and national Maltese law requiring an adequate data protection standard.

The processing of your personal data by the Regulator shall be done in the performance of a task carried out in the public interest or in the exercise of official authority vested in the Regulator and, or in compliance with a legal obligation.

In terms of these legal bases, the Regulator processes your personal information with Enemalta PLC, Automated Revenue Management Services Ltd. (ARMS Ltd), the Treasury Department, the VAT Department, the Inland Revenue Department, the Malta Competition and Consumer Affairs Authority, the Energy and Water Agency, the State Aid Monitoring Board, the National Statistics Office, Agriculture and Rural Paying Agency, Malta Enterprise Corporation and Building and Construction Authority.

You may access the Regulator’s Data Privacy Policy at: <https://www.rews.org.mt/#/en/a/51-privacy-policy>
